Class: Partition - Sneeze Guard - (10° tilt)

Model C102 is part of the Crystalline Series featuring the elegant all glass look. The C102 is characterized by the 10° tilt back on the shield. These partitions allow a maximum of 60" between supports and is a favorite for Carving and Prep stations. When multiple units are connected they provide a continuous smooth front shield. The C102 is designed to handle inside or outside angels and comes in 1/4", 3/8", or 1/2" safety tempered glass. There are four standard heights with custom sizes available. Always review your sneeze guard plans with your health department.
