The Sneeze Guard Company

Project Name: _____

Location: _____

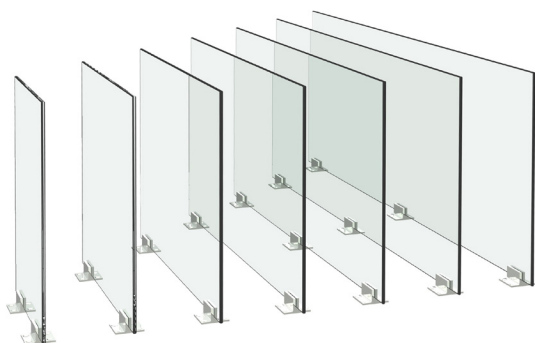

Item #: _____ Qty: _____

Date: _____

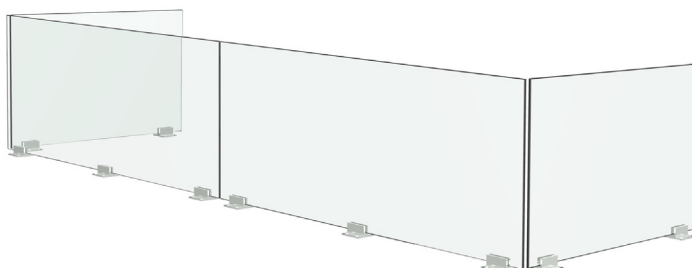

Model: **C107**

Class: Partition - Sneeze Guard - (vertical shield)

Model C107 is part of the Crystalline Series featuring the elegant all glass look. The C107 represents a family of free-standing partition sneeze guards and is a quick and easy way to meet your needs. There are five standard heights, thirteen standard widths, and comes in 1/4" or 3/8" safety tempered glass. The NSF height requirement for a sneeze guard partition is for the top edge of the glass to be 60" or more above the finished floor. Put three C107 partitions together and you have a carving station which meets NSF requirements. The C107 only requires a 2" wide mounting surface making it an ideal solution for tight areas. Custom sizes available. Always review your sneeze guard plans with your health department.

- Clear 1/4" or 3/8" Safety Tempered Glass
- Thirteen Standard Widths (12", 18", 24", 30",..... 78", 84")
- Five Standard Heights (12", 18", 22", 24", and 26")
- Narrow Mounting Space Required
- Easy to Clean (1/2" air-gap under glass)
