Model: **C144**

**Class:** Sneeze Guard - Full Service - ( 45° viewing shield )

Model C144 is part of the Crystalline Series featuring the elegant all glass look. The C144 Full Service (pass over) Sneeze Guard is characterized by the clean look of the vertical face and 45° viewing shield. The maximum bay size for this family is 60" and is available in 1/4", 3/8", or 1/2" safety tempered glass. There are four styles of crystal clear support which meet most any full-serve needs. Multiple bay units have a continuous smooth front shield and can be combined with the model C124 self service sneeze guard to make a seamless transition from full service to self service. Custom sizes available. Always review your sneeze guard plans with your health department.
